

EMC Component Optimization for European standards

Lower cost DC cable ferrite

Size reduction scanner ferrite

Control panel Cable ferrite removal

Lower cost DC cable ferrite

Remove metal shielding - CP cable

Copy Failure during EFT

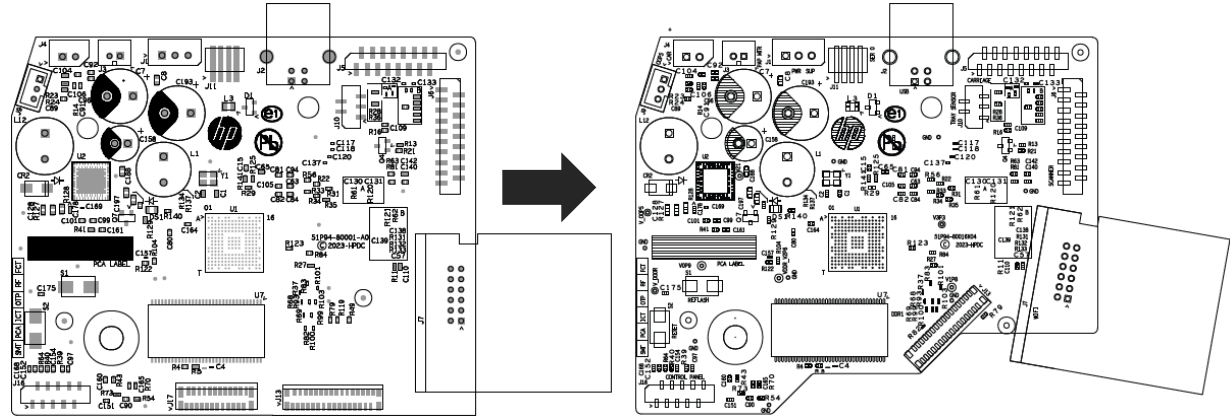

Passing results with changes

Product	Savings/unit	Total savings
Plus, product	\$0.22	\$ 0.6 M
Base Product	\$0.265	\$ 3.2 M
Total savings		\$ 3.8 M

- ✓ Aligned test results with R&D and regulatory teams with low-cost optimizations
- ✓ Worked with European regulation to get CISPR EFT test approved with proposed Design changes and cost reductions

Main Logic Board Redesign and Wi-fi optimization

Product	Savings/unit	Total savings
Base Product	\$0.12	\$1.2M
Total savings		\$1.2M
